KOSTANDARAS FORMS DISTRICT 1 ADVISORY COMMITTEE

Summit County Council President Nick Kostandaras has announced his intention to form the District 1 Local Government Advisory Council. The Advisory Council will meet quarterly to address concerns and needs within Summit County's District 1. Each community in District 1 will have one representative on the Advisory Council.

"In our ever changing county, it is extremely important to understand the concerns of the political subdivisions in District 1," said Kostandaras. "These quarterly meetings will serve as a bridge between the communities I represent and the political subdivisions in which they reside."

"I'm looking forward to bringing the experiences and perspectives of District 1 back to Council," said Nick Kostandaras, President of County Council. "I am so pleased to be launching this initiative in District 1."

Kostandaras is completing his first term on County Council, representing Summit County's 1st District, which includes: Bath Township, Boston Township, Richfield Township, Northfield Center Township, Sagamore Hills Township, Twinsburg Township, the Village of Boston Heights, the Village of Northfield, the Village of Peninsula, the Village of Reminderville, the Village of Richfield, the City of Macedonia, the City of Twinsburg and portions of the City of Cuyahoga Falls and the City of Akron. Mr. Kostandaras is currently serving as Summit County President and sits on the County Commissioners' Association of Ohio Board of Trustees.
