

## Clean Ohio Revitalization Fund—Round 3 (2005) Applications

The Clean Ohio Revitalization Fund was developed to provide funding for brownfield clean up activities, which are a key component in brownfield redevelopment. Brownfield redevelopment allows a community to reclaim and improve its lands, making previously developed property viable for new development.

The Clean Ohio Revitalization fund is part of a \$200 million dollar initiative approved by Ohio voters as part of the \$400 million Clean Ohio Fund. The Ohio Department of Development, through its Office of Urban Development, implements the Clean Ohio Revitalization Fund in consultation with the Ohio Environmental Protection Agency (Ohio EPA).

The Office of Urban Development and the Ohio EPA are very pleased to announce that funding for the Clean Ohio Revitalization Fund (CORF) Round 3 has been approved—\$40 million is available to allocate toward CORF Round 3 projects. Applications were due into public libraries by June 24, 2005 to participate in this round of funding. A total of 27 project applications were placed in public libraries; two are from Summit County.

### Cuyahoga Falls

|                                  |  |
|----------------------------------|--|
| Property Name                    | H&M Metal Processing/Prospect Mold Building/Industrial Tool & Machine      |
