2018 Summer Adopt-A-Thon Results in the Placement of 94 Animals

The Annual Summit County Animal Control Adopt-A-Thon, sponsored by County Executive Ilene Shapiro and Fiscal Officer Kristen M. Scalise took place on Saturday, July 28th, 2018 at the Division of Animal Control, located at 250 Opportunity Parkway in downtown Akron. Before the doors opened at 10 a.m., citizens lined up outside waiting to enter and choose a dog or cat for adoption. Throughout the remainder of the morning, a stream of people, eager to open their homes to a pet, made their way into the state of the art Animal Control facility.

This event was made possible with the assistance of facility staff and volunteers who worked the event and assisted the new pet owners with the adoption process. Adoption prices were discounted to $10 per animal (regularly $94 per dog, $60 per cat). All animals were fully vetted (blood work, flea treatments, intestinal de-worming, spay/neuter and vaccinations) and taken home Saturday. All citizens who adopted a canine were required to purchase an $18 Summit County Dog License. Funds generated from the sale of dog licenses, which have to be purchased annually, are used to feed, house and vaccinate abandoned animals at the Animal Control facility.

"To have so many dogs and cats from the Animal Control facility placed into new and loving homes is an outstanding achievement," said Summit County Executive Ilene Shapiro. "I would like to thank the community for generously supporting this fantastic event, and recognize all of the volunteers and
Animal Control staff for their hard work and dedication in preparing for the Adopt-a-Thons and helping to make them tremendously successful.”

At Saturday’s event, 94 animals (52 dogs and 42 cats) were adopted out to their new families and forever homes. This Adopt-A-Thon is an annual event hosted by the County to promote the adoption and licensing process for animals and to ensure space availability at the Animal Control Facility.

“My office participates in the Adopt-A-Thon each year to ensure adopted dogs and puppies leave with a current dog tag, to protect them if they are ever lost,” said Fiscal Officer Scalise. “I am always impressed to see so many pet owners open their hearts and homes to an animal in need. We are fortunate to report another successful Adopt-A-Thon due to the hard work of the staff and volunteers at the Division of Animal Control, and the generosity of our residents.”
