**ALERT!**

Scammers tend to stick with what works. Yesterday an elderly woman in Summit County fell victim to the Grandparent Scam. She received a call claiming her grandchild was in an accident and needed \$2,000 immediately. Unfortunately, the woman's concern for her grandchild scared her into sending the money.

If you receive a call like that, hang up. Contact a family member to verify that your grandchild needs money before sending any.

Stay Safe,
